SUMMARY

Flutter Developer with hands-on experience building responsive cross-platform mobile and web applications using Flutter and Dart. Skilled in REST API integration, Firebase services, UI/UX implementation, and responsive application development. Experienced in Agile Scrum environments, frontend engineering, and scalable system development through academic and internship projects. Strong foundation in mobile app architecture, debugging, performance optimization, and collaborative software development.

SKILLS

Technical Skills

- Flutter Development
 - Cross-platform mobile application development using Flutter and Dart.
 - Skilled in building responsive, reusable, and scalable UI components for Android and web platforms.
 - Familiar with Flutter SDK, widget lifecycle, navigation, and state management concepts.
- Mobile App Development
 - Windows OS troubleshooting
 - Microsoft Office 365 support
 - VPN and connectivity troubleshooting
 - Hardware and software diagnostics
 - Root cause analysis
- UI/UX Design
 - Skilled in designing intuitive and user-centered interfaces using Figma and modern design principles.
 - Experienced in wireframing, prototyping, and responsive layout implementation.
 - Focused on accessibility, usability, and seamless cross-platform user experiences.
- Software Engineering
 - Familiar with Agile Scrum methodologies, Git version control, and collaborative development workflows.
 - Knowledgeable in object-oriented programming, software debugging, and modular system architecture.
 - Experienced in frontend-backend integration and scalable application development.
- Tools & Technologies
 - Flutter, Dart, Firebase
 - REST APIs, Git/GitHub
 - HTML, CSS, JavaScript
 - ReactJS, PHP, MySQL
 - Figma, VS Code, Android Studio

Personal Skills

- Leadership
 - Headed and sub-headed events in the university as a student council.
 - Handles the University Band newbies during the summer training and evaluation.
 - Lead and worked with different projects among the department.
- Problem-Solving
 - Debugged integration issues in a Salesforce capstone project by systematically isolating Apex logic errors and API mismatches.
 - Reworked a malfunctioning UI prototype during a hackathon in under 3 hours, leading the team to place in the top 5.
- Flexible and Adaptable
 - Exposed and communicated to different people with different backgrounds and upbringings.
 - Worked to different projects in different committees and managements.
 - Adapts to the environment where the project or activity takes place and who will be worked with.
- Good Work Ethic
 - Manages time in a good manner that balances academic, personal, and professional aspects.
 - Reliable on taking actions with consistency and resiliency.
 - Creates safe space for respect to others at all times.

PROJECTS

CareerPathLink: Career Center Management System (CCMS) |

2024 - 2025

University of Nueva Caceres

- Led the development of a cross-platform career management platform supporting students, graduates, employers, and administrators using Flutter, PHP, and MySQL.
- Built responsive and user-friendly interfaces with Flutter, improving accessibility and navigation across multiple user modules.
- Integrated backend APIs and database systems to support recruitment tracking, career coaching, and employment monitoring functionalities.
- Applied Agile Scrum methodology throughout development cycles, contributing to successful User Acceptance Testing (UAT) evaluation based on ISO 25010 standards.
- Collaborated with team members in system analysis, UI/UX design, debugging, and feature implementation to deliver a scalable and modular application architecture.
- **Keywords:** *Full-Stack Development, Flutter, PHP, MySQL, Agile Scrum, Project Management, System Architecture, UI/UX Design, ISO 25010, User Acceptance Testing (UAT), Requirements Analysis, BPMN, Data Flow Diagrams (DFD), Jira, Trello*

HandsMen Threads – “Elevating the Art of Sophistication in Men's Fashion” | Salesforce Developer Virtual Internship, TheSmartBridge

April 2025 – May 2025

- Designed a custom Salesforce data model to centralize customer, order, and inventory data.
- Implemented record-triggered flows and scheduled automation for order processing and inventory monitoring.
- Built automated alerts for operational teams to improve response time for critical stock levels.
- **Keywords:** *Salesforce Development, CRM Customization, Data Modeling, Declarative Automation, Apex, Apex Triggers, Record-Triggered Flows, Scheduled Apex, Process Automation, Data Integrity*

PROFESSIONAL EXPERIENCE

Sales and Retention Representative	September 2025 - Present
Quantrics Enterprises Diversion Road, Naga City, Philippines	
• Provide frontline technical and customer support for telecommunications services, diagnosing connectivity, service, and account-related issues in a high-volume service environment. • Achieved 95% Customer Retention (Save) Rate and 94% First Quality Score, consistently exceeding performance benchmarks through effective troubleshooting and issue resolution. • Investigate service concerns, identify root causes, and guide customers through step-by-step problem resolution while ensuring clear communication. • Maintain detailed documentation of service issues, troubleshooting steps, and outcomes to support service continuity and operational efficiency. • Operate effectively in a fast-paced SLA-driven support environment, ensuring timely resolution and customer satisfaction.	

Salesforce Developer Intern	March 2025 - May 2025
TheSmartBridge Telangana, Gachibowli Flyover, India	
• Configured and customized Salesforce CRM applications using Apex, Visualforce, and Lightning Web Components to support automated business workflows. • Built automation processes that reduced manual operational tasks by 80%, improving system efficiency and data reliability. • Performed debugging, testing, and issue resolution across multiple Salesforce modules during Agile sprint cycles. • Collaborated with cross-functional teams to analyze system requirements and support deployment of CRM solutions.	

EDUCATION

Bachelor of Science in Information Technology	June 2025
University of Nueva Caceres Naga City, Camarines Sur	
Technical-Vocational Livelihood Track (TVL) - Computer Systems Servicing (CSS)	August 2021
Pamplona National High School Pamplona, Camarines Sur	
With High Honors	

CERTIFICATIONS, TRAININGS, AND LICENCES

• Salesforce Supported Virtual Internship Program Virtual Internship Program - TheSmartBridge (May 2025) • AWS Academy Graduate - AWS Academy Cloud Foundations Amazon Web Services Training and Certification (October 2024) • AWS Academy Graduate - AWS Academy Cloud Developing Amazon Web Services Training and Certification (February 2025) • AWS Academy Graduate - AWS Academy Cloud Operations Amazon Web Services Training and Certification (February 2025) • AWS Academy Graduate - AWS Academy Cloud Architecting Amazon Web Services Training and Certification (February 2025) • Cyber Threat Management Cisco (February 2025) • Introduction to Cybersecurity Cisco (December 2024) • CCNA: Introduction to Networks Cisco (January 2024) • Prompt Design in Vertex AI Skill Badge Google Cloud (June 2024)

AFFILIATIONS
