SUMMARY

Salesforce Developer with hands-on experience in Apex, Lightning Web Components (LWC), and Visualforce, gained through a Salesforce-focused internship and academic capstone project. Certified in AWS, Google Cloud, and Cisco, with strong foundations in RESTful API integration, front-end development, and cloud technologies. Known for adaptability, leadership, and problem-solving in dynamic, agile environments. Actively took an exam for Salesforce Platform Developer I certification.

CERTIFICATIONS, TRAININGS, AND LICENCES

- **Salesforce Supported Virtual Internship Program** | Virtual Internship Program - TheSmartBridge (May 2025)
- **AWS Academy Graduate - AWS Academy Cloud Foundations** | Amazon Web Services Training and Certification (October 2024)
- **AWS Academy Graduate - AWS Academy Cloud Developing** | Amazon Web Services Training and Certification (February 2025)
- **AWS Academy Graduate - AWS Academy Cloud Operations** | Amazon Web Services Training and Certification (February 2025)
- **AWS Academy Graduate - AWS Academy Cloud Architecting** | Amazon Web Services Training and Certification (February 2025)
- **Cyber Threat Management** | Cisco (February 2025)
- **Introduction to Cybersecurity** | Cisco (December 2024)
- **CCNA: Introduction to Networks** | Cisco (January 2024)
- **Prompt Design in Vertex AI Skill Badge** | Google Cloud (June 2024)

SKILLS

Technical Skills

- Salesforce Development
 - Apex, Lightning Web Components (LWC), Visualforce
 - Salesforce Data Modeling & Declarative Automation
 - Experience with REST/SOAP API integrations
 - Capstone Project using Salesforce CRM Tools
 - Familiar with Salesforce Development Lifecycle & Best Practice
- Certifications and Training
 - AWS Academy (Foundations, Cloud Developing, Operations, Architecting)
 - Cisco CCNA: Introduction to Networks, Cybersecurity
 - Google Cloud: Prompt Design in Vertex AI
- Web and Software Development
 - HTML, CSS, JavaScript, Flutter, ReactJS
 - RESTful APIs, Git, Firebase
 - Object-Oriented Programming, Software Testing & Debugging

-
- UI/UX Design
 - Skilled in creating intuitive, user-centered designs for web and mobile applications.
 - Proficient in wireframing, prototyping, and user flow development.
 - Familiar with tools like Figma, and usability testing techniques.

Personal Skills

- Leadership
 - Headed and sub-headed events in the university as a student council.
 - Handles the University Band newbies during the summer training and evaluation.
 - Lead and worked with different projects among the department.
- Problem-Solving
 - Debugged integration issues in a Salesforce capstone project by systematically isolating Apex logic errors and API mismatches.
 - Reworked a malfunctioning UI prototype during a hackathon in under 3 hours, leading the team to place in the top 5.
- Flexible and Adaptable
 - Exposed and communicated to different people with different backgrounds and upbringings.
 - Worked to different projects in different committees and managements.
 - Adapts to the environment where the project or activity takes place and who will be worked with.
- Good Work Ethic
 - Manages time in a good manner that balances academic, personal, and professional aspects.
 - Reliable on taking actions with consistency and resiliency.
 - Creates safe space for respect to others at all times.

PROJECTS

HandsMen Threads – “Elevating the Art of Sophistication in Men's Fashion” | Salesforce Developer Virtual Internship, TheSmartBridge

April 2025 – May 2025

- Designed and implemented a custom Salesforce data model to centralize customer, order, and inventory data, significantly enhancing data integrity and business visibility for a men's fashion retailer.
- Automated key business processes using Declarative Automation Tools (Flows) and Apex, reducing manual effort by 80% for operations like order confirmations, loyalty program updates, and low-stock alerts.
- Developed automated solutions including: Record-Triggered Flows for real-time customer loyalty status updates, Scheduled Apex for nightly bulk order processing and inventory updates, and Email Alerts to notify the warehouse team of critically low stock levels.
- **Keywords:** *Salesforce Development, CRM Customization, Data Modeling, Declarative Automation, Apex, Apex Triggers, Record-Triggered Flows, Scheduled Apex, Process Automation, Data Integrity*

- Led the end-to-end development of a comprehensive full-stack web platform to modernize career services for 4+ key user groups (students, graduates, employers, administrators), addressing critical process inefficiencies.
- Engineered the system architecture using Flutter (Frontend), PHP (Backend), and MySQL (Database), deploying a scalable, modular solution with 4 integrated modules: Recruitment & Placement, Career Coaching, Work-Integrated Learning (WIL), and Employment Tracking.
- Implemented Agile Scrum methodology, facilitating sprint planning, daily stand-ups, and iterative reviews, which resulted in a highly accepted MVP as measured by the ISO 25010 software quality standard during User Acceptance Testing (UAT).
- **Keywords:** *Full-Stack Development, Flutter, PHP, MySQL, Agile Scrum, Project Management, System Architecture, UI/UX Design, ISO 25010, User Acceptance Testing (UAT), Requirements Analysis, BPMN, Data Flow Diagrams (DFD)*

EXPERIENCE

Salesforce Developer

March 2025 - May 2025

- TheSmartBridge | Telangana, Gachibowli Flyover, India
- Developed and deployed Lightning Web Components (LWC) and Visualforce pages while implementing Apex classes and triggers, improving CRM workflow automation and reducing manual processing time by 35%.
 - Designed and configured Salesforce data models, security settings, and declarative automation (Flows & Process Builder), increasing data accuracy and integrity by 40% across key business records.
 - Built and delivered a Salesforce capstone CRM solution integrating data modeling, automation, and asynchronous Apex, improving order processing efficiency and system responsiveness by 25%.

Sales and Retention Representative

April 2025 - Present

- Quantrics Enterprises | Diversion Road, Naga City, Philippines
- Delivered high-impact customer retention and loyalty solutions for telecom subscribers by analyzing account concerns, resolving service issues, and presenting value propositions that encouraged customers to continue their subscriptions.
 - Achieved a 95% Customer Save Rate and 94% Customer First Quality score, consistently exceeding performance benchmarks and ranking as a Top Agent for three consecutive months through strong negotiation, product knowledge, and customer-focused communication.
 - Leveraged Salesforce CRM to manage customer accounts, submit and track technical support tickets, document case resolutions, and coordinate issue escalations, enhancing customer experience and operational efficiency.

EDUCATION

Bachelor of Science in Information Technology

June 2025

University of Nueva Caceres | Naga City, Camarines Sur

Technical-Vocational Livelihood Track (TVL) - Computer Systems Servicing (CSS)

August 2021

Pamplona National High School | Pamplona, Camarines Sur
With High Honors

AWARDS

College	Multiple Qualification Acquisition Program (MQUAP) Achiever - Top 2 University of Nueva Caceres 2024 - 2025 Dean's Lister University of Nueva Caceres 2024 - 2025
Senior High School	With High Honors Pamplona National High School 2020 - 2021
